THE VENUE

A BLANK CANVAS WITH A STORY

Heritage 1907 was once the engine room that powered Ram Mill, a working cotton mill built in 1907. Today it's a bright, high-ceilinged hall with soaring arched windows, original 1907 brickwork and a glittering chandelier at its heart.

We offer dry hire, so you choose the people who make your day: your own caterer, your own drinks and your own decorator. If you'd like a hand, we're happy to point you towards suppliers we trust.

When you book, the whole space is yours. No other parties, no noise restrictions and plenty of room to dress the hall exactly how you picture it.

"Your event becomes part of a story more than a hundred years in the making."
